Dr. Nemko provided background on the Digital Technology Equity Bill authored by Senator Josh Becker of San Mateo who will soon
introduce the bill. The NCOE will be one of the main sponsors of the bill. Dr. Nemko will be contacting the other county offices in the region to garner their support as well. We will tentatively have this item on the April agenda. It’s a 24 million dollar bill with four million dollars going to the CDE to get staff to be able to do this. We hope to form a planning committee with all the counties and regions involved, and there would be approximately 13 million dollars to be divided among the 11 CCSESA regions.

Mr. Huffman asked if the Superintendent’s office would consider drafting a support letter that the Board can send to our local congressional support person from each of the Board members.
